Athene & Apollo: A Powerful Combination

Athene's strategic partner Apollo is a global asset manager that strives to generate predictable and recurring yield across market cycles. Apollo's investment expertise combined with Athene's leadership in fixed annuities brings strength, opportunity and innovation.

Athene is a subsidiary of Apollo Global Management.

APOLLO

Please refer to back page for footnotes.

An Athene Performance Elite fixed indexed annuity may be right for you if you want...

Guarantees

You can choose the certainty of a fixed rate of interest that is declared each year by the insurance company and subject to minimum guarantees. Your annuity will always have a Minimum Guaranteed Contract Value.

Growth Potential

You can pursue additional growth with interest credits that are based in part on the performance of an external market index.

A Premium Bonus

Athene Performance Elite annuities include a bonus that's applied to the money you use to purchase your annuity.¹

Protection

There is no direct downside market risk to your money.

Tax Deferral

Annuities provide the advantage of tax-deferred interest accumulation. You don't pay taxes on any growth until you withdraw money.²

Income

At the annuity's maturity date, you have options to create a regular stream of income – either for a certain period of time or for the rest of your life.

A Death Benefit

Your annuity can offer your loved ones a quick source of funds to settle matters after your death.³

¹ A Premium Bonus is not available on Performance Elite 7. Premium Bonus annuities include a Premium Bonus Vesting Schedule and may include a lower Cap Rate, lower Participation Rate or other limitations not included in similar annuities that don't offer a Premium Bonus.

² Current law already provides tax deferral to IRAs, so there is no additional tax benefit obtained by funding an IRA with an annuity. Consider the other benefits provided by an annuity, such as lifetime income and a Death Benefit.

³ After annuitization, payments will be consistent with the settlement option selected.

Protect and grow your retirement nest egg.

Whatever life sends your way.

The primary purpose of Athene Performance Elite fixed indexed annuities is to help you accumulate money for retirement.

They feature a variety of interest crediting strategies that are designed to grow your money and help protect you from market downturns.

But growing your savings doesn't mean giving up access to your money.

Athene Performance Elite Plus annuities include a Liquidity Rider, for an annual charge, that gives you additional flexibility should the need arise. Athene Performance Elite Plus also provides an enhanced Premium Bonus, which will give an immediate increase to your annuity's Accumulated Value.

Premium Bonus

The Athene Performance Elite annuities include a Premium Bonus that is credited at issue and provides an immediate increase to your annuity's Accumulated Value.¹

The bonus and any earnings on the bonus are subject to a Premium Bonus Vesting Adjustment. See page 11 for additional information.

¹ Premium Bonus not available on Performance Elite 7.

Growing your money.

Here are the strategies you can choose from to determine how interest gets credited to your annuity.

Fixed Crediting Strategy

The fixed crediting strategy provides a guaranteed rate of interest that is used to calculate and credit interest to your annuity daily. Athene declares the rate each Contract Year.

Indexed Crediting Strategies

With indexed crediting strategies, you receive interest credits linked in part to the performance of external market indices. A Cap Rate or a Participation Rate, established at the start of each Index Term Period, is used to calculate any interest earned.¹ Credits are applied at the end of each term.

Indexed interest crediting strategies include guaranteed protection from loss due to market downturns. While you may receive a 0% interest credit at the end of a term period, you will never receive less than 0%.

Optional Strategy Charge

Higher Cap and Participation Rates are available with a strategy charge. Annual Strategy Charges are calculated on the contract anniversary and deducted monthly from the Accumulated Value.²

Strategy Charge Credit

A one-time Strategy Charge Credit will be added to the Accumulated Value at the end of the Withdrawal Charge Period, if the sum of all strategy charges applied, minus the sum of all interest credits, is greater than zero.³

Athene
exclusive

Strategy Preset

Strategy Preset is a unique “hands-free” option designed to:

- harness diversification potential through broad index exposure
- allow for personalization through preset options that best meet your return profile
- automatically allocate your premium to a predetermined blend of index strategies
- automatically rebalance each year to target that blend over time

You still have the potential to earn interest credits every year and can help optimize performance through the additional use of longer crediting terms and/or strategy charges.

Strategy Preset is not available in NH.

Athene Performance Elite annuities allow you to allocate your money among one or more of the available interest crediting strategies. You can reallocate available funds at the end of each crediting period. Refer to the Product Guide for additional details and available index options.

¹ Please see the Indexed Strategy Inserts provided with this brochure for more information. Note that Athene may add or eliminate indexed crediting strategies from time to time. A specific strategy may not be available for the life of your contract.

² Not available on the Fixed Strategy. The Initial Annual Strategy Charge Rate is set at contract issue and guaranteed for the first Index Term Period. A new Annual Strategy Charge Rate will be declared at the start of each Index Term Period.

³ The Strategy Charge Credit will be applied to the Accumulated Value pro-rata across all funded strategies. If withdrawals subject to a Withdrawal Charge are taken (including a full surrender), the Credit will not be applied.

Athene's indexed interest crediting strategies feature the following benefits:

- Any interest earned is credited at the end of the crediting period.
- Your interest credits are "locked in" once credited, and cannot be lost due to market downturns.
- Interest credits will never be less than 0%.

Protection from market downturns

Your money is not directly exposed to the risks of the stock market or individual stocks. We guarantee you will not lose money due to market risk or losses.

Access your money when you need it most.

Annual Free Withdrawals

Athene Performance Elite annuities provide annual penalty-free withdrawal privileges. Athene Performance Elite 7 annuities allow up to a 10% annual free withdrawal beginning in the first Contract Year. Athene Performance Elite 10 and 15 annuities allow up to 5% beginning in the second Contract Year.

Each year, you may withdraw up to the maximum free amount of your annuity's Accumulated Value (as of the most recent Contract Anniversary) without a Withdrawal Charge, Market Value Adjustment (MVA) or any Premium Bonus Vesting Adjustment, if applicable.¹

Required Minimum Distributions (RMDs) are IRS mandatory withdrawals required with qualified contracts (such as an IRA).² These withdrawals from your annuity contract are considered part of your free withdrawal, free of Withdrawal Charges, MVA or Premium Bonus Vesting Adjustment for the Contract Year.

Confinement Waiver

After the first Contract Year, you can withdraw up to 100% of your annuity's Accumulated Value if you've been confined to a Qualified Care Facility for at least 60 consecutive days and meet the eligibility requirements. No Withdrawal Charge or MVA apply if you qualify for this benefit.

To receive the Confinement Waiver, the Annuitant cannot be confined at the time your contract is issued and confinement must begin at least one year after the Contract Date.³

Terminal Illness Waiver

You can withdraw up to 100% of your annuity's Accumulated Value if the Annuitant is diagnosed with a Terminal Illness that is expected to result in death within one year and the Annuitant meets the eligibility requirements. No Withdrawal Charge or MVA apply if you qualify for this benefit.

This waiver is available after your first Contract Anniversary and the initial diagnosis of Terminal Illness must be made at least one year after the Contract Date.³

¹ Withdrawals and surrender may be subject to federal and state income tax and, except under certain circumstances, will be subject to an IRS penalty if taken prior to age 59½. Withdrawals are not credited with index interest in the year they are taken. Withdrawals in excess of the free amount are subject to a Withdrawal Charge, MVA and any Premium Bonus Vesting Adjustment which may result in the loss of principal. Withdrawals are based upon the Accumulated Value of the last Contract Anniversary.

² The IRS requires individuals owning IRAs to take a required minimum distribution (RMD) each year once you reach a certain age, which varies by birthdate. The annual deadline for taking an RMD is December 31. You may delay your first RMD until April 1 of the year after you attain the required beginning age. If you delay your first RMD, you'll have to take your first and second RMD in the same tax year. If you fail to take your RMD, you may be subject to an excise tax. Please consult with your tax professional for guidelines specific to your situation. Visit [IRS.gov](https://www.irs.gov) for details.

³ **This benefit is NOT long-term care insurance nor is it a substitute for such coverage.** Not available in all states. Additional limitations, variations and exclusions may apply. Please see the Certificate of Disclosure for more information. Confinement Waiver not available in MA. Confinement and Terminal Illness Waivers not available in CA.

Athene Performance Elite Plus includes additional liquidity features:

Enhanced Free Withdrawals

On Performance Elite 10 and 15, the penalty-free withdrawal amount is increased to 10% per year and may be taken as early as the first Contract Year. If no withdrawals are taken in a given year, up to 20% of the Accumulated Value is available for withdrawal in the next year.

Return of Premium Benefit

After the fourth Contract Year, the Cash Surrender Value will never be less than the premium minus premium taxes (if applicable) and prior withdrawals, including Withdrawal Charges, Premium Bonus Vesting Adjustment and Market Value Adjustment on those withdrawals.

Enhanced Annuitization¹

Performance Elite 7 allows Enhanced Annuitization after the fifth Contract Year. Performance Elite 10 allows Enhanced Annuitization after the seventh² Contract Year. Performance Elite 15 allows Enhanced Annuitization after the ninth Contract Year. You may elect to surrender your contract and apply the Accumulated Value to one of five settlement options. No Withdrawal Charges, Premium Bonus Vesting Adjustments or Market Value Adjustments will apply upon election of this feature, provided one of the Settlement Options is elected and annuity payments commence. Please refer to the Certificate of Disclosure for specific settlement options.

Rider Charge

The Liquidity Rider included with Athene Performance Elite Plus has a charge that is deducted from your annuity's Accumulated Value during the Withdrawal Charge period. A Rider Charge will be assessed when any of the following occur: when you reach the end of a Contract Year; when you take a withdrawal; on the Annuity Date; upon surrender; upon the date of proof of death; or if the rider is terminated. The rider may not be terminated during the Withdrawal Charge period.

¹ Not Available in CA or FL for Performance Elite 7 Plus, Performance Elite 10 Plus and Performance Elite 15 Plus.

² In MD, Performance Elite 10 allows Enhanced Annuitization after the sixth Contract Year.

Options for annuitization

In addition to periodic or free withdrawals, Athene Performance Elite provides you with options for annuitization.

Annuity Payout Options

When your annuity matures (on the Annuity Date), Athene Performance Elite gives you options to receive guaranteed lifetime income (called annuitization). The payment amount will be based on your annuity's Cash Surrender Value and the annuitization option you choose. These options can be based a set period of time, your lifetime or the lifetimes of you and your Joint Annuitant.

It's important to note that once you choose to annuitize, the payment schedule and the amount is fixed and can't be altered.

Death Benefit

The Athene Performance Elite annuities include a Death Benefit. It guarantees that your beneficiary will receive your annuity's full Accumulated Value, Minimum Guaranteed Contract Value or Return of Premium Benefit (Performance Elite Plus only), whichever is greater.

The Death Benefit will be paid as long as you haven't annuitized your contract.

After annuitization, payments will be consistent with the settlement option selected and made payable to your named beneficiary.

Product Limitations

Athene Performance Elite annuities are designed to help meet your long-term savings and retirement needs. They include a Withdrawal Charge period. If you withdraw more money than the free amount allowed by your contract, or if you surrender the annuity before the Withdrawal Charge period ends, a Withdrawal Charge, Market Value Adjustment and Premium Bonus Vesting Adjustment (if applicable) will be applied.

These charges do not apply to free withdrawals, RMDs, payments made in settlement of your annuity's Death Benefit or Confinement and Terminal Illness waivers.¹ For more information, see the Product Guide provided with this brochure.

Withdrawal Charge

If you surrender your annuity or withdraw an amount that exceeds the Free Withdrawal amount during the Withdrawal Charge period, you will incur a Withdrawal Charge. In part, Withdrawal Charges allow the company to invest your money on a long-term basis, and generally offer higher rates than possible with a similar annuity of shorter term. For more information, see the Product Guide provided with this brochure.¹

Premium Bonus Vesting Adjustment

Withdrawals or surrenders in excess of the Free Withdrawal amount will result in the loss of a portion of the Premium Bonus, if applicable. The Premium Bonus Vesting Adjustment is a percentage of the annuity's Premium Bonus and any earnings on the Premium Bonus. It will not be applied in the event of the death of the Annuitant or to any Free Withdrawal amount, including those elected under the Confinement or Terminal Illness Waivers, if applicable.²

Market Value Adjustment (MVA)

A Market Value Adjustment applies to withdrawals in excess of the free withdrawal amount and full surrenders during the Withdrawal Charge period. If you take an excess withdrawal before the end of your Withdrawal Charge period, an MVA will be applied to that excess withdrawal. If interest rates in the market are higher than when you purchased your annuity, the MVA is negative, meaning an additional amount is deducted from your contract value. The MVA may increase or decrease the amount of the Withdrawal or Cash Surrender Value of your Contract depending on the change in interest rates. If interest rates have increased, stayed the same or decreased by less than 0.25%, the MVA will be negative. If interest rates have decreased by more than 0.25%, the MVA will be positive. MVA is not applicable in all states.³

¹ Withdrawals and surrender may be subject to federal and state income tax and, except under certain circumstances, will be subject to an IRS penalty if taken prior to age 59½. Withdrawals are not credited with index interest in the year they are taken. Withdrawals in excess of the free amount are subject to a Withdrawal Charge, MVA and any Premium Bonus Vesting Adjustment which may result in the loss of principal if taken while Withdrawal Charges apply.

² Premium Bonus not available on Performance Elite 7.

³ For more information, please see Certificate of Disclosure or Form 17653, Understanding the MVA.

¹ Financial strength ratings for Athene Annuity & Life Assurance Company, Athene Annuity and Life Company, Athene Annuity & Life Assurance Company of New York and Athene Life Re Ltd. S&P, Fitch, A.M. Best's and Moody's credit ratings reflect their assessment of the relative ability of an insurer to meet its ongoing insurance policy and contract obligations.
